On March 29, 1924 Madeleine Delbr el was "dazzled by God".

One hundred years, that calls for celebration!

In many places, in France and beyond, men and women are seeking to live the Gospel in the footsteps of Madeleine. This international forum will be an opportunity to share in the current spiritual and missionary insights of the woman whom Pope Francis called "the mystic of the peripheries".

The forum will proceed in two complementary phases: in Ivry and then in Lille.

---

We recommend that you participate throughout the forum, but it is also possible to attend only one of the two phases. Accommodation in Ivry and Lille is available upon request.
